

SWISS COBRA MEET

25. – 28.06.2026

The Cobra Owners' Club Switzerland celebrates its 25th anniversary in 2026. After a successful European Cobra Meeting in Davos in 2018 and a Carroll Shelby Centennial Switzerland in 2023, the time is ripe for a "SWISS COBRA MEETING" (SCM), as a 4-day meeting with an early bird option to celebrate the club's anniversary. We are targeting drivers with Cobra, Cobra Daytona, GT40. The club invites all Cobristis, including those from abroad, to celebrate with them and spend an unforgettable 4 days in Davos. The focus will be on driving through mountain passes and gasoline discussions on a topic that unites everyone: "Carroll Shelby and the Cobra or the GT40". Our event will take place in the hotel already known to many Cobristis, but which has changed hands from the Sunstar Group to Davos Klosters Bergbahnen.

Our starting point Davos, located in the canton of Graubünden, is the highest town in Europe at 1560m and a high-altitude health resort with a long tradition. It is a vacation resort with an international ambience, also known as the venue for the "World Economic Forum WEF" and the Spengler Cup ice hockey tournament. Thomas Mann also wrote his novel "The Magic Mountain" here after spending many years in Davos.

Davos can be easily reached by car from Zurich via the A3 highway and from the Landquart exit via easy country roads. Davos is surrounded by mountains and is an ideal starting point for trips over mountain passes, which we will also do extensively with our vehicles. We have put together a varied program for you, where you can really enjoy the beautiful mountain world. For Friday we also offer a car-free excursions as an alternative.

The program highlights are:

- Wednesday, 24.06: Arrival Early Birds, dinner - *optional*
- Thursday, 25.06: 190 km ride with 3,600 vertical meters with, among others, Flüela (2383m), Bernina (2330m) and Julier (2284m)
Arrival main event, dinner
- Friday, 26.06: 250 km trip with 5'140 meters of altitude difference with, among others, Flüela Pass (2383m), Foscagno Pass (2291m), Stelvio Pass (2758m), Umbrail Pass (2501m), Ofen Pass (2149m))
- *Car-free option: visit to the Clavadeleralp cheese dairy*
Dinner
- Saturday, 27.06: Car presentation, group photo at the Jakobshorn cable car parking lot
240 km ride with 4,970 vertical meters including Albula (2312m), Maloja (1815m) and Splügen (2112m), Viamala gorge
Dinner
- Sunday, 28.06: Farewell

50 hotel rooms are currently reserved, so secure your place as soon as possible!

Foreign participants and Cobra Clubs are of course also very welcome to celebrate the anniversary and the passion together!
